

Model 2: School Community Presentation

Goal

- FAM is a program geared to elementary school aged children and their families to encourage them to move towards eating 5 or more vegetables and fruits on a daily basis as per Eating Well with Canada's Food Guide.

Launching the Program

- Please review Program Information Sheet for details on organizing your program.
- School community presenter to have a schedule made up of the presentations with school administration support. Presentation Schedule should include: date, time, name of teacher
- Presentation schedule can be grouped together dependent on class sizes.
Examples: JK-SK, Grade 1-2, Grade 3-4, Grade 5-6 or to individual classes. Do not exceed approx. 40 students per presentation in order to have maximum benefit.
- Review 'Presenter Scripts' to get acquainted with the different classroom presentations. Be aware of resources needed.
- Contact either Jessica MacKay or Gayle Cruikshank (info listed below) to receive funding (Gift Cards) and to give details of your presentation.
- Complete project evaluation and return to Jessica or Gayle.
