

Winter Storm Advisory

If there is a winter storm happening on food box delivery day please call 905-634-8645 or email us at foodbox@stchristophersburlington.com.

An automated voice mail message or an automated email alert will advise you as to whether the food box packing and delivery are **being cancelled that day**.

The message will also contain details regarding the rescheduling of the food box packing and delivery.

The policy is for the boxes to be packed and delivered the next day, weather permitting.
