**Women's  
Health Alliance  
of Halton**

*The Women's Health Alliance of Halton is a Network dedicated to promoting women's health and providing access to support services and resources.*

The Women's Health Alliance of Halton is a Network dedicated to promoting women's health and providing access to support services and resources.

### ***Our Mission:***

*We are a health and community-based network of organizations and individuals who coordinate to promote healthy lifestyles, disease prevention, and treatment options by providing access to current resource and referrals to support services for women and their families.*

### ***What we do:***

*We identify and facilitate opportunities for collaboration between health organizations, support services and resources available.*

*We provide education of healthy lifestyles, disease prevention and early detection to the women of Halton by assisting/organizing the promotion and presentation of Health Seminars and Workshops.*

*We work collaboratively to develop resources and strategies that release current health information and services available, in an accurate and consistent manner.*
